Manual gun is ergonomically designed to increase quality and productivity  
Controller has one-touch intelligent operation button good for complicated parts and recoat parts  
Pre-programmed Mode Control Unit

Operator controls the voltage and current for maximum efficiency

Adjusts both the voltage and current for efficient Recoating

Adjusts voltage while maintaining current output for coating complicated corners and recesses

When we choose manual model, we can adjust the voltaje with these two button.

If you have any questions, please let me know. Thankyou.
