

A stylish, contemporary  
& flexible range of smooth  
profile wiring accessories

**SWE**®

**M range**

M range Accessories  
can provide that flexibility  
with a comprehensive  
selection of products,  
and have been developed  
as a high quality,  
flexible and modern solution  
to virtually any wiring  
requirement.

Besides the Bakelite products, Hongshi also develops some  
metal ranges, M range is one of them.

Compared with white products, the metal products are more  
elegant and noble can meet the modern decorate style better.  
The metal products can meet people's demand for high-quality  
life from the following aspects:

- 1.The metal products can line with the wall better to make  
the switches & sockets more nature and harmony in the  
whole decoration.
- 2.The metal plates are with higher rigidity, which is not easy  
to be scratched and have better flame resistance.
