

19Pc Camshaft Locking Tools Kit DN-A1022

- FOR PETROL ENGINES
- The kit supplied with adequate tools to lock the camshafts on twin cam (multi-valve) engines in order to stop them rotating out of timed position when the timing belt is replaced and removed.
- It also provides different camshaft locking pins that can cover specific crankshaft and flywheel locking applications.
- Suitable for a range of vehicles including: Ford, Honda, Land Rover, Rover and Vauxhall / Opel
- Allows the service easier and reduce the risk of incorrect valve timing from taking place.
