Every 3 LED can be a section,soft printed circuit board,with
double-side tap on the back,small volume,easy to install.

The standard length of every roll is : 5M。

Light colo : red/yellow/blue/green/white etc.

Voltage : DC12V.

Applied in path and exquisite decoration field signs such as outline.

The SMD flexible strip light is water-proof,treated with expoy
or casing on the surface.
