

WARRANTY

HANFLOR VINYL PLANKS – 3MM PVC GLUE DOWN - WOOD COLLECTION

20 year residential, 10 year commercial

This guarantee is for replacement or refund of the vinyl plank flooring only, no labor (including the cost of labor for installation of the replacement floor) or costs incurred with loss of time, incidental expenses or any other damage. It does not cover damage from improper installation or maintenance, burns, tears, indentations, stains or reduction in gloss level due to normal use and or exterior applications. Gapping, shrinkage squeaks or structural sub floor related issues are not covered under this warranty.

1. Maximum temperature for radiant heated floors should be 85 degrees Fahrenheit.
2. Subfloor imperfections not to exceed 1/8" or the subfloor should be leveled.

Product must be installed in air controlled rooms. Areas that have large swings in temperature will see unusual amounts of movement in the flooring. Rooms that have large windows and expose the flooring to large amounts of sun for long periods of time will see larger amounts of expansion. It is recommended that for these rooms you close drapes or blinds during prolonged sun exposure. Prolonged exposure to direct sun may cause rippling in the floor, these are exclusions from a warranty claim.
