

QuickPanel+™

Operator Interface for Industrial Internet

Streamline your system and simplify development and maintenance with one powerful device for both your operator interface (OI) and control requirements. The QuickPanel+ is a multi-functional device that delivers actionable data and insight—smarter, faster and easier than ever before.

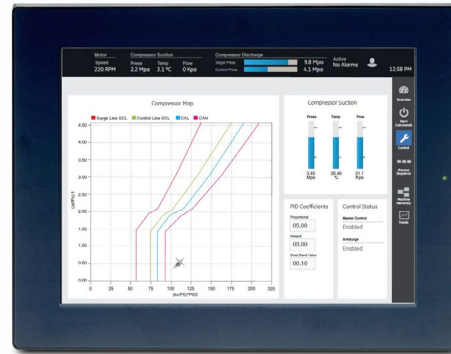

QuickPanel+ integrates process control, view, and an option to run embedded data historian to improve real-time control and simplify integration into plant-wide systems. The QuickPanel+ brings machine interfaces into the Industrial Internet age for new levels of productivity, insight, and user experience.

To succeed in an outcome-driven world, businesses must operate faster and leaner and be increasingly connected. At Emerson, we understand today's connected business environment, and are committed to simplifying it. That's why we've designed an automation architecture that helps you design better machines and plants, operate them smarter, and redefine the interaction with your equipment.

High Performance

With faster processing speeds and more memory, QuickPanel+ delivers high performance control, visualization, and data historian capabilities to maximize productivity and cost efficiency, even in third-party environments.

QuickPanel+ incorporates the latest display and multi-touch technology to enhance the user experience. The capacitive, multi-touch screen is built to last in an industrial environment, yet is as sensitive as the latest smartphone or tablet. The wide screen provides vivid, clear images and more complete process visualization.

Multi-functional Capability

QuickPanel+ provides core capabilities that help users operate in today's connected world. It's an all-in-one OI: an OI/HMI, a PLC/process controller, machine gateway, and a data historian. This combination puts more data at your fingertips, providing instant insight and control while reducing inventory and TCO. Remote programming technology makes it easy to access user accounts through a single access point. A single object-based programming environment means implementation is fast and easy.

Full-Function Browser & Multimedia Access

QuickPanel+ offers a fully-functional HTML5 browser and multimedia support with the Windows EC7 operating system. This results in a new level of versatility for an OI. Users can quickly and easily access the Internet or their intranet to view training videos, compile reports or access other critical information.

Interoperability & Scalability

The plug-and-play interoperability of the QuickPanel+ adds to its ease of use and implementation. Using serial and Ethernet connectivity, it can be used with controllers and I/O from multiple vendors for swift and smooth implementation. Enjoy the functionality of a PC—such as remote desktop, web browser, built-in peer networking and FTP and HTTP servers—without the IT headaches.

QuickPanel+ supports 5 IEC programming languages: Relay Ladder, Sequential Function Chart, Structured Text, Instruction List, and Function Block Diagram. The operator can select multi-language support when the system is online. Configuration is easy—a common database reduces development time by eliminating the need to re-enter tag names, and an extensive library of pre-configured animation objects is provided.

Ordering Information

Part Number	Description
6" Units	
IC755CKS06RDM	QuickPanel+ 6" screen with RSTi Modbus TCP
IC755CKS06RDMEP	QuickPanel+ 6" screen with RSTi-EP Modbus TCP
IC755CSS06RDA	QuickPanel+ 6" screen with View and Control
IC755CBS06RDA	QuickPanel+ 6" screen with View and Control (blank bezel)
IC755CSS06RDACA	QuickPanel+ 6" screen with View and Control (conformal coated)
7" Units	
IC755CKW07CDMEP	QuickPanel+ 7" screen with RSTi-EP Modbus TCP
IC755CKW07CDM	QuickPanel+ 7" screen with RSTi Modbus TCP
IC755CBW07CDA	QuickPanel+ 7" screen with View and Control (blank bezel)
IC755CSW07CDA	QuickPanel+ 7" screen with View and Control
IC755CSW07CDACA	QuickPanel+ 7" screen with View and Control (conformal coated)
10" Units	
IC755CKW10CDM	QuickPanel+ 10" screen with RSTi Modbus TCP
IC755CKS10CDMEP	QuickPanel+ 10" screen with RSTi-EP Modbus TCP
IC755CSS10CDA	QuickPanel+ 10" screen with View and Control
IC755CBS10CDA	QuickPanel+ 10" screen with View and Control (blank bezel)
IC755CSS10CDACA	QuickPanel+ 10" screen with View and Control (conformal coated)
12" Units	
IC755CKS12CDMEP	QuickPanel+ 12" screen with RSTi-EP Modbus TCP
IC755CKW12CDM	QuickPanel+ 12" screen with RSTi Modbus TCP
IC755CSS12CDB	QuickPanel+ 12" screen with View and Control
IC755CBS12CDB	QuickPanel+ 12" screen with View and Control (blank bezel)
IC755CSS12CDBCA	QuickPanel+ 12" screen with View and Control (conformal coated)
15" Units	
IC755CKS15CDMEP	QuickPanel+ 15" screen with RSTi-EP Modbus TCP
IC755CKW15CDM	QuickPanel+ 15" screen with RSTi Modbus TCP
IC755CSS15CDA	QuickPanel+ 15" screen with View and Control
IC755CBS15CDA	QuickPanel+ 15" screen with View and Control (blank bezel)
IC755CSS15CDACA	QuickPanel+ 15" screen with View and Control (conformal coated)

Accessories

Part Number	Description
IC755ACC07ADP	QuickPanel+ Panel Adapter Kit (8" QuickPanel to 7" QuickPanel+)
IC755ACC07GAS	QuickPanel+ 7" Replacement Gasket
IC755ACC07MNT	QuickPanel+ 7" Accessory Kit (Replacement Mounting clips, Power and Serial Port Connectors)
IC755ACC07PRO	QuickPanel+ 7" Screen Protectors, Package of 3
IC755ACC10GAS	QuickPanel+ 10" Replacement Gasket
IC755ACC10MNT	QuickPanel+ 10" Accessory Kit (Replacement Mounting clips, Power and Serial Port Connectors)
IC755ACC10PRO	QuickPanel+ 10" Screen Protectors, Package of 3
IC755ACC12GAS	QuickPanel+ 12" Replacement Gasket
IC755ACC12MND	QuickPanel+ 12" Accessory Kit
IC755ACC12PRO	QuickPanel+ 12" Screen Protectors, Package of 3
IC755ACC15GAS	QuickPanel+ 15" Replacement Gasket
IC755ACC15MNT	QuickPanel+ 15" Accessory Kit (Replacement Mounting clips, Power and Serial Port Connectors)
IC755ACC15PRO	QuickPanel+ 15" Screen Protectors (3)
IC755ACCBATT	QuickPanel+ Replacement Battery Pack
IC755ACCBATTNL	QuickPanel+ Replacement Battery Pack, No Leads, for use with 12"
