## What is Freeze Dried Fruit (FD fruit)?

Freeze Dried Fruit (FD fruit in short) is a kind of dried fruit, moisture is less than 5%, keeps the original shape, color and flavor of fresh fruit, taste crispy. It is more and more popular in global market.

FD fruit is made from well-chosen superior IQF fruit, using vacuum freeze drying technology, the IQF fruit turned into natural delicious fruit chips by sublimation. This kind of fruit without any additives, 100% natural and safe.

FD fruit are up to the mustard of HACCP. All the original and end product are test at any time to ensure the quantity and safety.
