## What is Freeze Dried Cherry (FD Cherry)?

Freeze Dried Cherry (FD cherry in short) is a kind of dried cherry, moisture is less than 5%, keeps the original shape, color and flavor of fresh cherry, taste crispy. It is more and more popular in global market.

FD cherry is made from well-chosen superior IQF cherry, using vacuum freeze drying technology, the IQF cherry turned into natural delicious fruit chips by sublimation. This kind of cherry without any additives, 100% natural and safe.

FD cherry are up to the mustard of HACCP. All the original and end product are test at any time to ensure the quantity and safety.
