What is Freeze Dried Lychee (FD lychee)?

Freeze Dried Lychee (FD lychee in short) is a kind of dried lychee, moisture is less than 5%, keeps the original shape, color and flavor of fresh lychee, taste crispy. It is more and more popular in global market.

FD lychee is made from well-chosen superior IQF lychee, using vacuum freeze drying technology, the IQF lychee turned into natural delicious fruit chips by sublimation. This kind of lychee without any additives, 100% natural and safe.

FD lychees are up to the mustard of HACCP. All the original and end product are test at any time to ensure the quantity and safety.
