

Newest hot vape pen x-tc3 health electronic cigarette hookah

X-TC3 details

Joecig is proud to introduce a compact starter kit called the the X-TC3 PCC CASE (portable charging case) designed for beginners or users looking for a new lightweight setup. Joecig X-TC3 pcc case ;features a refillable clear atomizer which can also use CBD This rechargeable pcc case design combines a very Stylish Dupont lighter design with the very convenient battery and tank combo.

The Joecig X-TC3 pcc case vape features the Leak-Resistant technology ,smallest atomizer but big vapor, The tank is also conveniently filled from the top. The pcc case built-in battery has a capacity of 900mAh and comes in four colors. The Joecig X-TC3 can be charged via Micro USB Cable.

The Joecig X-TC3 pcc case is perfect for beginners looking to start vaping without being overwhelmed. The X-TC3 features a simple to use no-button design and includes almost everything you need to get started. You only require e-Liquid then enjoy vaping!

X-TC3 hot selling advantage

*PCC CASE: portable charger case, 900MAH capacity, most convenient PCC CASE.

*New pcc case design: Based on Zippo lighter design, when you open it, the cap will bounce automatically with great sounds

*Battery: no button, automatically work, battery bottom is magnetic charger connector.

*If you also use CBD oil, X-TC will be your perfect choice.

*Atomizer: Reusable, huge vapor, top filling, no leakage guarantee!!!(Cartridge and atomizer are exchangeable)

*Four colors: Black(most hot selling), Gold, White, Gray

*OEM&ODM welcomed
