

Product 1 Screen Mesh In Frame - No Posts

Description: Non conductive mesh screen fencing

Width of vertical sections (400/600/800mm)

Height (1600/1800/2000/2200/2400/2600)

Custom made to order

Ideal to exclude access to HV Live Reactor/Chambers

Product 2 Screen Mesh – With Bolt Down Posts

Description: Non conductive mesh screen fencing

Width of sections (400/600/800/1000/1200mm)

Height (1600/1800/2000/2200/2600)

Custom made to order

Ideal to exclude access to HV Live Reactor/Chambers

Product 3 Indoor Switchgear Screen Doors

Description: Non conductive screen doors

Width of sections (800/1000/1200mm)

Height (1600/1800/2000/2200)

Custom made to order

Ideal to control access to HV switchgear

Product 4 Indoor Switchgear Screen Partition

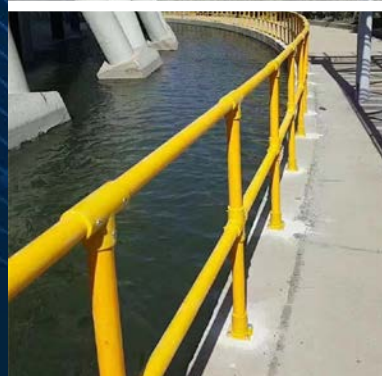

Description: Non conductive tubular screen doors

Width of sections Height (1600/1800/2000/2200)

Height (1800/2000/2400/2600)

Custom made to order

Ideal to control access to HV switchgear in large indoor area

Product 5 Tubular Yellow Hand Railing

Description: Non conductive tubular hand railing

Width of sections (1200/1400/1600/1800)

Height (1200/1400)

Custom made to order

Handrails for walkways

Product 6 Vertical Slats with Posts

Description: Non conductive slat pole fencing

Width (1000/1200/1600/1800mm)

Height (1600/1800/2000/2200/2400/2600).

Custom made to order.

Ideal for walkways in substations

Product 7 Frames – With Posts

Description: Non conductive frames

Width of sections: Custom made to order

Height: Custom made to order

Ideal to mount screens

Product 8 Frames – With Bolt Down Posts

Description: Non Conductive HV Substation Reactor Fencing

Width of sections: Custom made to order

Height: Custom made to order

Ideal to Screen Reactors & Capacitor Banks

Product #9

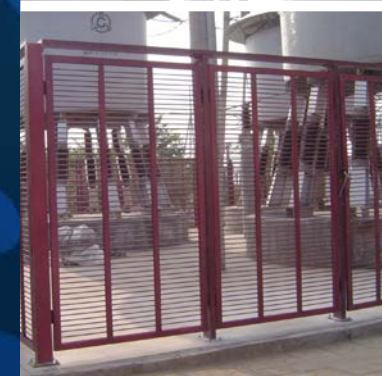

Product 9 Fine Mesh Fence – With Posts

Description: Non conductive frames

Width of sections: Custom made to order

Height: Custom made to order

Ideal to screens HV/LV Equipment

Product 10 Fine Mesh Fence – With Posts

Description: Non conductive frames

Width of sections: Custom made to order

Height: Custom made to order

Ideal to fencing or screen HV substation equipment
