YOUFA STEEL PIPE GROUP

TOP 500 ENTERPRISES OF CHINA INDUSTRY LEADING BRANDS

STOCK CODE: 601686

TIANJIN YOUFA INTERNATIONAL TRADE CO., LTD

YOUFA STEEL PIPE GROUP

STOCK CODE: 601686

Listed enterprises on the main board of the Shanghai Stock Exchange

Youfa is the strongest welded steel pipe manufacturing group around China.

Brand "YOUFA" is the leading and outstanding brand in the industry.

Brand "ZHENGJINYUAN" is the growing champion in the industry.

Profile of the Group

Tianjin Youfa Steel Pipe Group Co., Ltd. was established on July 1,2000,and its head-quarters is located in Tianjin Daqiu Zhuang Town, the largest steel pipe production base in China.The company is a largest scale steel pipe manufacturing enterprise integrating the production of various pipe products such as ERW steel pipe, spiral welded pipe, hot-dip galvanized steel pipe,plastic lining composite pipe,plastic coated steel pipe,square and rectangular steel pipe, hot-dip galvanized square and rectangular steel pipe, stainless Steel Pipe,pipe fitting and scaffolding,etc. Output is over 20 million tons every year.

In addition to its headquarters in Tianjin, the company currently has a number of subsidiaries in Tangshan, Handan, Shaanxi, Liyang and other cities, with more than 9000 employees, 368 production lines of steel pipe and scaffolding. 3 national accreditation laboratories and 2 Tianjin accreditation enterprise technology centers. In 2024, the annual sales of Youfa steel pipes will be nearly 20 million tons.By the end of 2017.the whole group had 88 utility model patents and 4 invention patents. There are 32 patents in the process of application and acceptance.

The "Youfa" was recognized as a well known trademark in China by the Trademark Office of the State Administration for Industry and Commerce in March 2008. Youfa Group products have been awarded the title of "Tianjin Famous-brand Products" by the Tianjin Municipal Government for many consecutive years. The steel pipes of "Youfa"brand and"Zhengjinyuan"brand won the Gold Cup Award, the highest award in China's metallurgical industry.Since 2006, Youfa Group has been ranked as the top 500 Chinese enterprises and the top 500 manufacturing enterprises in China for many consecutive years.

"Youfa" brand steel pipes sell well all over the country and are widely used in key national projects such as Three Gorges Project,Capital International Airport,

Shanghai Pudong International Airport, the 2008 Olympic Games venues,and 2010 Shanghai World Expo exhibition hall. They are exported to 100 countries and regions in European Union, North America, South America, Africa, South-east Asia and the Middle East.They are recognized by the industry, with a domestic comprehensive market share of more than 30%.

They are exported to 100 countries and regions in European Union, North America, South America, Africa, South-east Asia and the Middle East.They are recognized by the industry, with a domestic comprehensive market share of more than 30%.

The Linquan Youfa Green Pipeline Production Base Project is located at the intersection of Changguan Road and Renmin Road in the Linquan Economic Development Zone. It is invested and constructed by Tianjin Youfa Pipeline Technology Co., Ltd. In order to expand into the Anhui water supply pipeline market, Youfa Group established Anhui Youfa Pipeline Technology Co., Ltd. and is building the Linquan Youfa Green Pipeline Production Base Project.

The project covers an area of 60 acres, with a total construction area of approximately 24,745.36 square meters. It mainly involves the construction of one green pipeline production workshop with a floor area of about 24,008.45 square meters, along with supporting facilities including an office building, cafeteria, power distribution room, auxiliary rooms, a security room, and other ancillary facilities. Upon completion, the project is expected to achieve an annual production capacity of 156,000 tons of green pipelines, including 60,000 tons of socket-type coated composite pipes, 60,000 tons of 3PE pipes, 20,000 tons of painted pipes, and 10,000 tons of steel wire mesh reinforced polyethylene composite pipes.

Tianjin Youfa International Trade Co., Ltd

Tianjin Youfa International Trade Co., Ltd, was founded in March, 2010, as the foreign trade window of Youfa Steel Pipe Group. The company is located in 7-8th Floor, Guotou Building, Dafeng Road, Hongqiao District, Tianjin City. The office covers an area of 1000 m². There are about 80 staffs; among them more than 50 have CET-6 certificates and some even better. Our annual sales of steel products are nearly 300,000.00 tons.

Through several years of hard work, we have established export business relationship with many big Transnational Enterprises. Based on the high quality and the considerate service, our products have set up a prominent brand image at home and abroad. Our sales markets mainly are: Middle & South America, the Southeast Asia, Middle East and Africa and so on, nearly covering 125 countries and regions, obtaining a well-deserved reputation. We have built a long-term cooperation with many clients, and have received word of praise from customers all over the world.

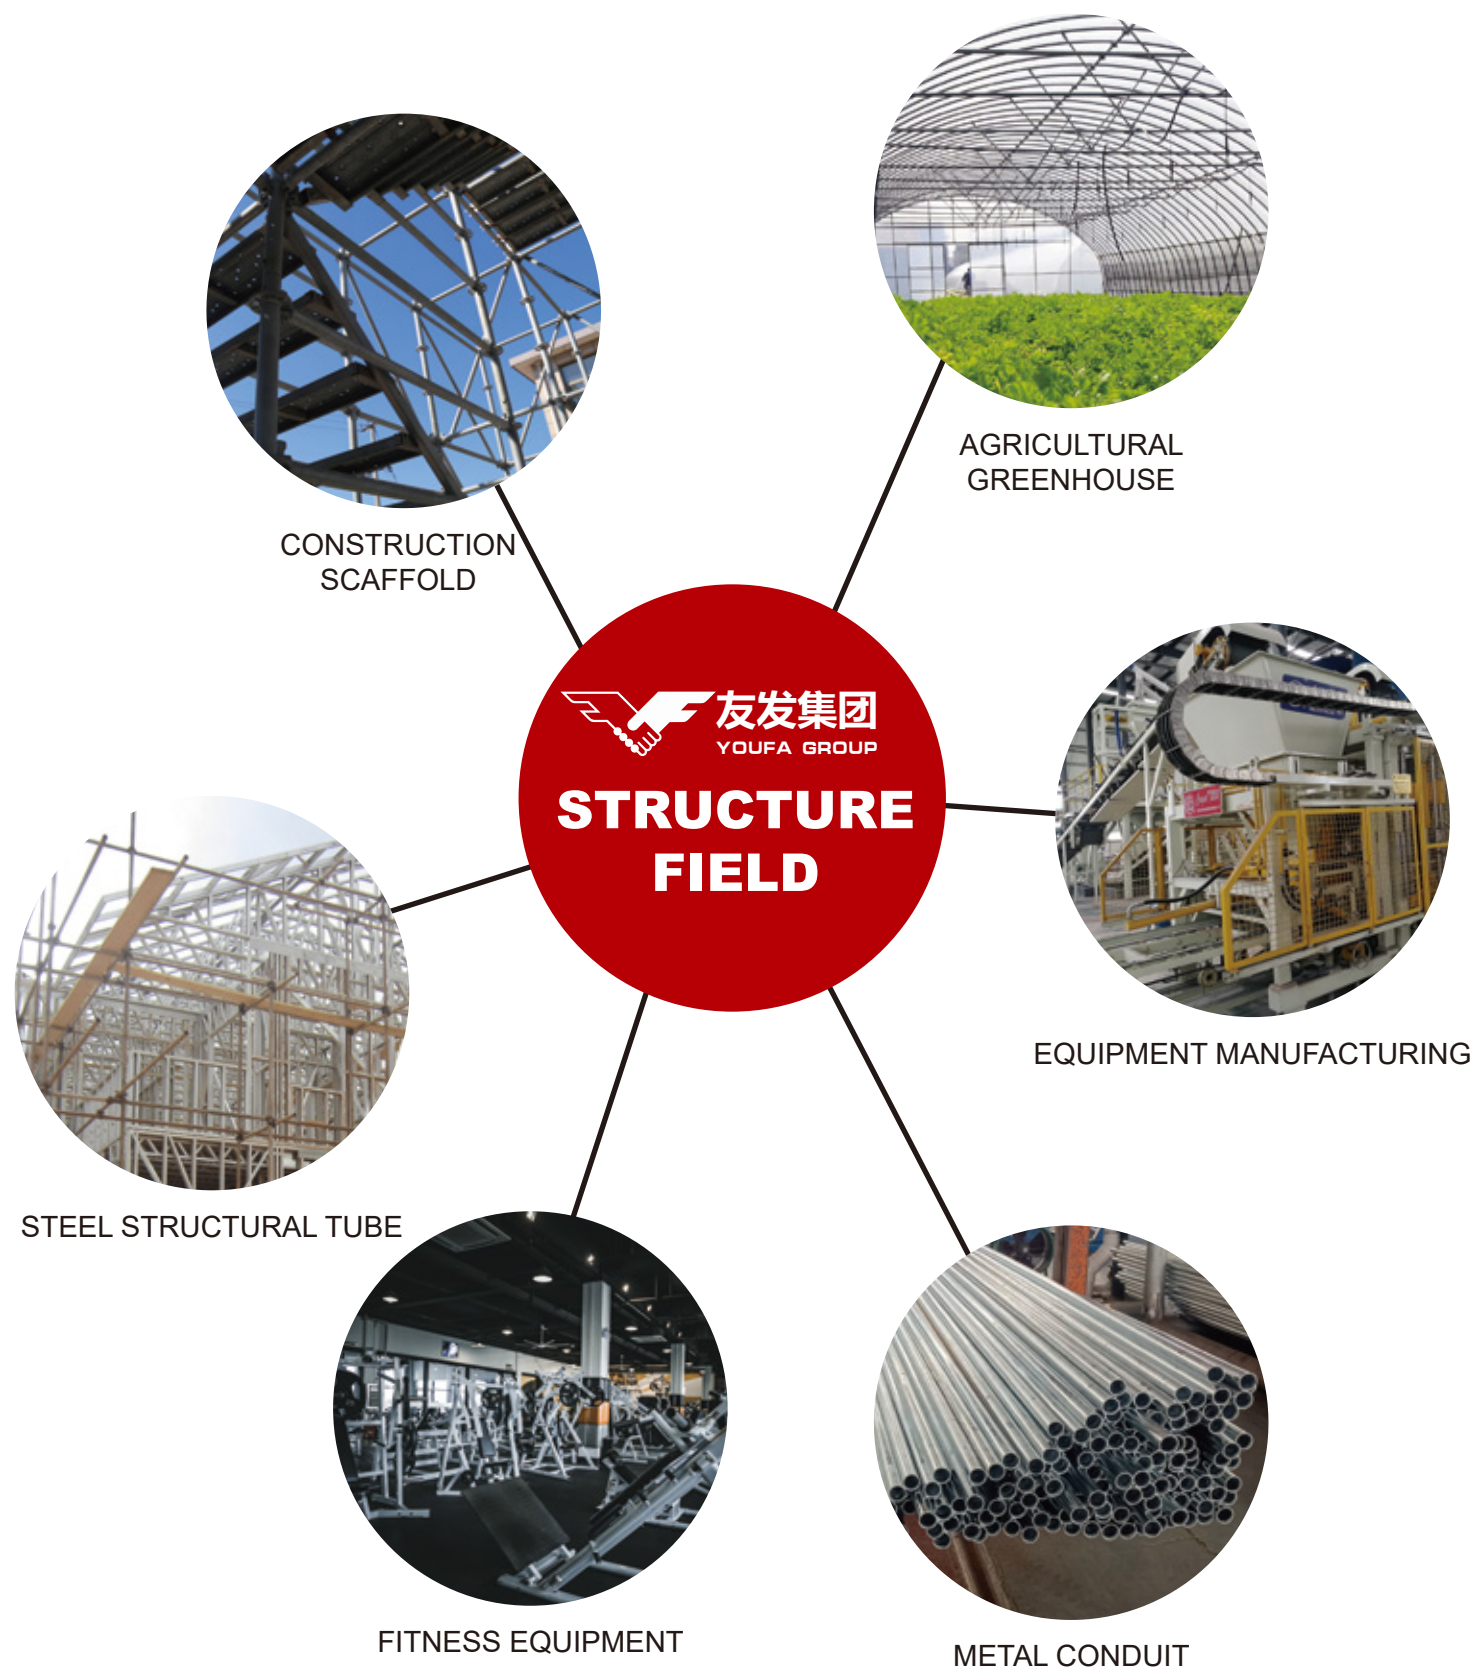

Carbon steel pipes meet the following standards: API 5L, ASTM A53/A500, ASTM A795, EN10219/10255, BS1387, BS1139, EN39, ISO65, DIN2440, JIS G3444/3466, etc. and are approved by the Third Party. They are widely used in oil and natural gas, low pressure liquid and mineral powder delivery, and for industrial and civil construction fields and for piles field. Paying attention to the quality of products and services,

possessing normative QAS, we have acquired certificates of API5L, ISO9001, ISO14000, ISO18000, FPC, BSI and UL/FM quality system.

In order to provide customers a more personalized service, we founded Tianjin Youfa Hongtuo Steel Pipe Manufacture Co., Ltd as processing factory, specially designed for foreign trade service. It covers an area of 20000 square meters. There are about 200 employees, 10 lathes, 7 cutting machines, 2 sets of grooving machine, 2 sets of automatic paint or oil production line. We are committed to meet customer's various after-processing requirements.

Pursuing the "Customer first, Integrity first" principle, we are sincerely expecting to cooperate with you!

[The "green industry" enterprise certified by the Ministry of Industry and Information Technology]

Youfa products

Galvanized Steel Pipe

Diameter: 21.3mm to 508mm

Thickness: 1.2mm to 16.0mm

Zinc coated: usually 200g/m² (30um) or as required 200 to 500g/m² (30 to 70um)

Standard: ASTM A53, API 5L, ASTM A252, ASTM A795, ISO65, DIN2440, BS1387, BS1139, EN10255, EN39, JIS3444, GB/T 3091 & GB/T13793

Application: Construction / building materials steel pipe, Steel structure, Fence post steel pipe, Scaffolding pipe, Fire protection steel pipe, Greenhouse steel pipe, Low pressure liquid, water, gas, oil, line pipe, Irrigation pipe, Handrail pipe.

Galvanized Square and Rectangular Steel Pipe

Square pipe: 20*20mm to 500*500mm

Rectangular pipe: 20*40mm to 1000*1200mm

Thickness: 1.2mm to 30.0mm

Length: usually 5.8m or 6m or 12m, or cutted as required 2m to 12m

Zinc coated: usually 200g/m² (30um) or as required 200 to 500g/m² (30 to 70um)

Standard: ASTM A500, EN10219, EN10210, JIS3466, GB/T 6728

Application: Construction / building materials steel pipe, Steel structure, Fence post steel pipe.

SSAW Steel Pipe

SSAW Round pipe: 219mm to 4000mm

Length: usually 5.8m or 6m or 12m

Thickness : 6.0mm to 28.0mm

Standard: ASTM A53, ASTM A106, API 5L, ASTM A252

Application: Liquid, water, gas, oil, line pipe, Pipe Pile.

Stainless Steel Pipe

Material: Stainless Steel 201/ Stainless Steel 301Stainless Steel 304/
Stainless Steel 316

Specification: Diameter : DN15 to DN300 (16mm - 325mm)

Thickness : 0.8mm to 4.0mm

Length : 5.8meter/ 6.0meter/ 6.1meter or customized

Standard: ASTM, JIS, EN, GB/T12771, GB/T19228

Surface: Polishing, annealing, pickling, bright

Surface Finished: No.1, 2D, 2B, BA, No.3, No.4, No.2

Ends: Plain ends

Packing: 1. Standard seaworthy export packing, wooden pallets
with plastics protection .

2. 15-20MT can be loaded into 20'container and 25-27MT
is more suitable in 40'container.

3. The other packing can be made based on the customer
requirement;

4. Normally, we have four layers of packing: wooden
pallets, hardboard, Kraft paper and plastic.

And fill more desiccants into package.

Ringlock Scaffolding System

Standard: AS/NZS1576.3:2015

Advantage:

Safety: Ringlock standards are assembled with ledgers and diagonal braces using secure fixed wedge connections, It enhance the safety and stability of the system.

Economic: Easily assembled system scaffold saves time and labor costs.

Application: Ringlock scaffolding is widely used in many construction projects, such as Civil & Building, interior decoration, stage erection, bridge construction, etc.

60 system standard

Material :Q355 Steel

Surface treatment:Hot dipped galvanized

Dimensions: Φ 60*3.25mm

Effective length: 500/ 1000/ 1500/ 2000/ 2500/ 3000 mm
