

# 2.4G ESL Base Station SETP\_Router\_V4.4 Specification

DALIAN SERTAG TECHNOLOGY CO., LTD

## SERTAG

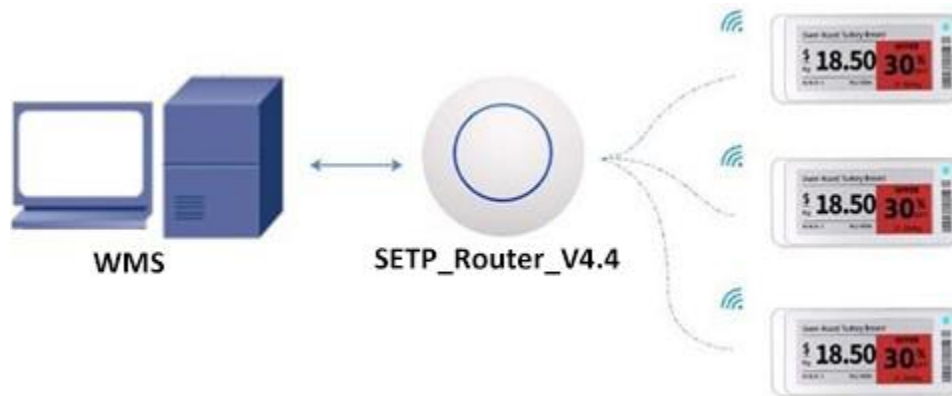

## SETP\_Router\_V4.4

TECHNICAL DETAILS	Product model	SETP_Router_V4.4
	Dimensions (mm)	205*45mm
	Working temperature	-10-70℃
	Product weight	350g
	Power supply mode	48V POE
	Working frequency	2.4G
	Communication rate	50-250kbps
	Communication mode	10/100Mbps Ethernet & 2.4G
	Communication radius	30m
	Label capacity	>10000
	Update the way	OTA
	Access mode	Web access
	Service interface type	RJ45-2.4G
	Service interface protocol	Http, Data format: Json
	Server	Built-in: Webserver: Tomcat Server system: JAVA Database: Mysql Router

## System Structure

2

V4.4 version of the base station has a built-in server program. Users can just only send operating instructions to this base station to realize data transmission, which is simpler to use.
