Longxiang Group Limited  
China.Guangzhou

Overview  
公司概况

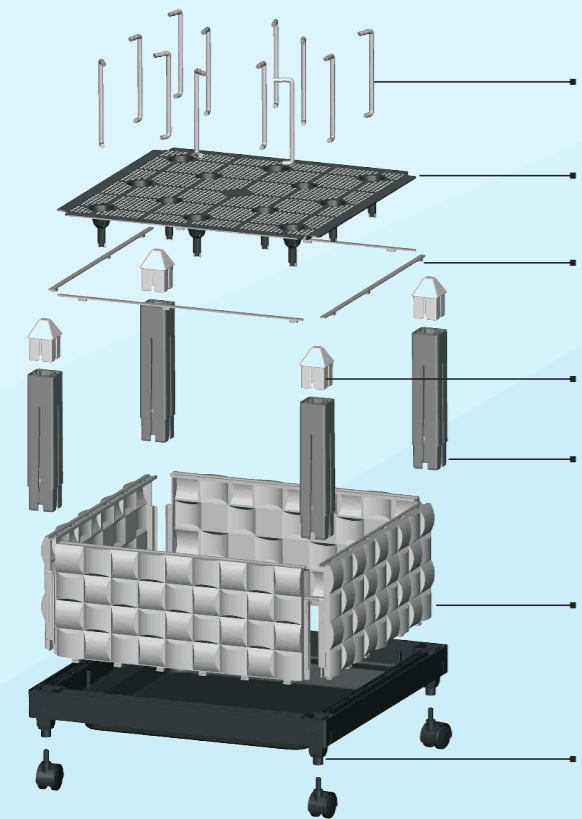

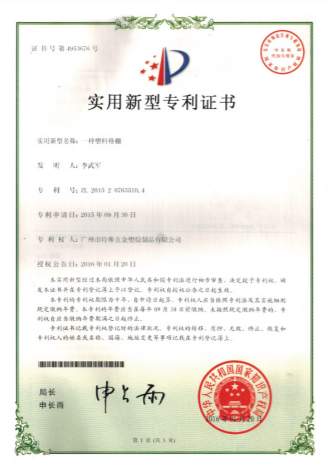

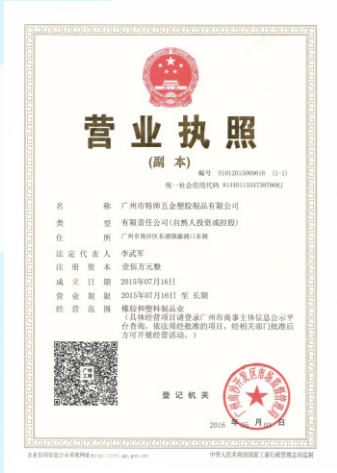

Longxiang Industrial Ltd. is located in the state-level development zone in the Nansha District of Guangzhou. The company has a comprehensive engineering and toolmaking facility and large injection moulding capacity. Machine ranges from, 80 ton up to 2800tons clamping force. We have over 80 highly skilled and trained personnel with many years experience. Our company and "South China University of Technology" maintains a long-term technical and strategic partnership, with advanced manufacturing capability and technology which reflects in our disciplined and focused project management. We are proud to provide in depth support to our customers, from product development, mold design and manufacturing to injection molding, in a one-stop service. Our high-strength plastic pallets of the 123 brand, with flexible configuration, are currently being provided to more than 20 countries and regions. It would be our pleasure to provide assistance with your future pallet requirements.

广州市特帅五金塑胶制品有限公司位于国家级开发区广州市南沙区东涌镇。公司自有模具生产车间与注塑车间，最大的注塑机有2800吨，有80多名高素质的员工。

公司与华南理工大学长期保持技术性战略合作，凭借先进的制造技术以及完善的项目管理理念，能为客户提供从产品开发，模具设计制造到注塑生产的一站式服务。

公司自主开发的123牌高强度塑料托盘荣获国家专利，产品畅销二十多个省，自治区以及出口十多个国家和地区，广泛应用于货仓，货柜，货物周转存放等等不同领域。

公司热诚期待与各位新老朋友真诚合作，共同发展，持续奋进，共同开创塑料托盘行业新的篇章！
