

MS-Series

S o l u t i o n

MS-series, the concise design fully expresses creativity and imagination, carefully outlines neat lines, and creates a dynamic aesthetic texture.

Different desktop shapes outline the beauty of different steel frame outlines, and the unique design elements and diversified materials reflect the noble office life with rich temperament.

The DS-series includes office executive desks, office bookcases, office workstations (single, double, four persons), office conference tables and combinations of these furniture.
