Project case

Project Data

LOCATION : Philippines

QTY: 500PCS

PRODUCTS : Task chair, conference chair and office chair

WORKSPACES : Workstations, collaboration spaces, and informal meeting spaces.

SERVICES : Space planning, Furniture design, manufacture and installation.

Techstars is an automotive supply company in Philippines, was eager to have us build the perfect office for their team. We knew first hand how important modern, functional office chairs are to productivity and growth.

A comfortable office chair, while seemingly insignificant to your ability to work, can actually have a profound impact on your health and productivity.

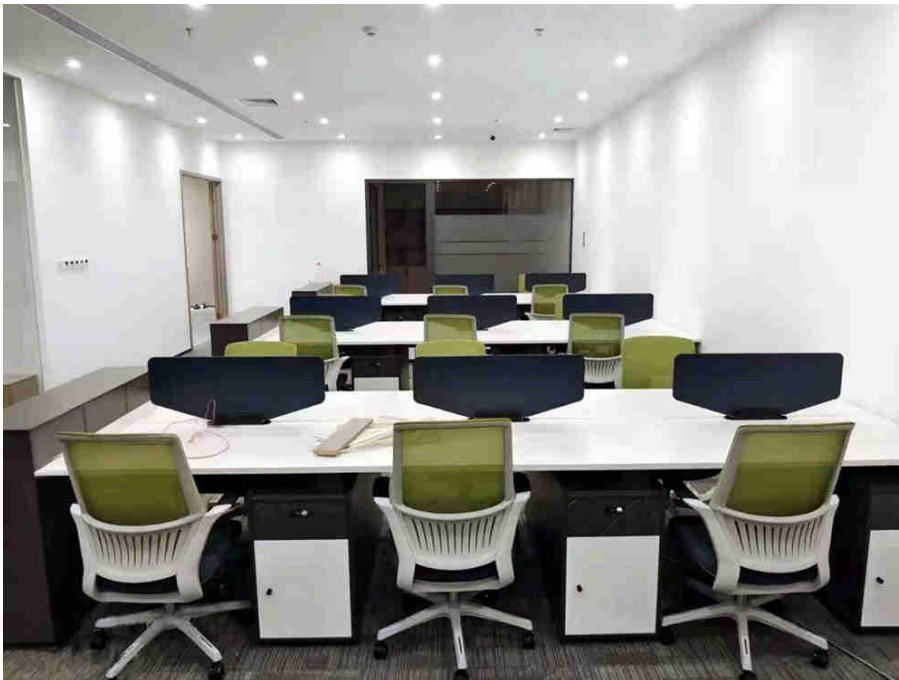

Project Data

Trust comes from our quality and service.

This is the container loading we completed for our Greek customer.

Customer satisfaction, because we always provide very good quality and very good price products.

Years of office furniture export experience, good at helping customers integrate resources, provide overall solutions. Like the Greek customer, we accept small orders and provide mixed loading service, which can save the customer's time and cost.
