Elastic wide ear loop mask machine

Advantage

1. One machine can produce adult size , kids size masks
2. Mask machine has positioning function, then all masks' artwork will be same and nice ;
3. When you don't want to position , then can stop the positioning sensor to make normal masks without artwork.
4. If you want to use this machine to just produce mask body ,then can stop the elastic wide ear loop welding
so that you just can make the mask body , then weld normal ear loop .
5. Speed can be 200-500pcs per min , high speed high efficiency
