DO

02

EXCELLENT
CUSTOMER SERVICE

DEEP CUSTOMIZATION

GP BOTTLES has been focusing on customization of perfume bottle packaging in the passed 13 years. With product range of glass bottle, cap, name plate , pump spayer and collar. Design full set perfume bottle packaging based on the idea, picture, physical sample, drawings. Providing 2D 3D drawings, rendering, mock-up at the design stage to evaluate the initial investment of a new prodject of brand perfume.

CONTRACT MANUFACTURING

On account of the different material and processing for different components, GP Bottles is founded to unite quality manufacturers located in China to manufacture refined perfume packaging. All the actions will be carried out under the SOP of GP Bottles to meet the requirement of quality, quantity, on time delivery of clients.

DECORATIONS OF PERFUME BOTTLES

Color Coating

Various kinds of color available for color coating, it can be done with the pantone color board.

Pattern Printing
With the technology of silk printing, decal, heat/water transfer, we can put the kinds of pattern to be displayed on the perfume bottles.

Vacuum Plating

Vacuum plating makes the bottles to be metalized surface with shinny effect, it presents the luxury quality of perfume bottles
