Q: How can I get a price of your products?

A: Once you have reviewed the catalog and chosen the models that interest you, please contact one of GPB's sales managers listed on next page to receive a detailed quotation. Please note that we do not offer a comprehensive price list for all products.

Q: How can I get samples of your products?

A: Most models are available for sample requests. Please reach out to your GPB manager to finalize the details. GPB provides complimentary samples of most models featured in the catalog; you are only required to cover the courier expenses. In cases where samples are not readily available, a sample fee will be incurred. However, this fee will be reimbursed upon placement of a bulk order exceeding USD 10,000.

Q: How can I order your products?

A: Once you have approved the pre-production samples provided by GPB, kindly contact GPB's sales manager to receive a proforma invoice for finalizing the order details or submit your purchase order. GPB will provide guidance on payment methods, transportation options, customs clearance procedures for exports and imports, and other relevant information on the proforma invoice.

Q: What's the customize process of perfume bottle packaging?

A: Our core business concept revolves around transforming standard perfume bottles into unique, personalized packaging tailored to your brand. We achieve this by selecting the perfect lid, creating customized labels, and designing distinctive surface decorations. This approach not only enhances your brand image but also captures consumer attention and elevates the overall perception of your perfume. For those seeking even more exclusive and luxurious packaging solutions, we offer in-depth customization services that include adjustments to the shape, size, volume, weight, and other aspects of the perfume bottle. Let us help you create a signature look that stands out in the market!
