Custom Perfume Bottles – Turnkey Solutions

- Elevate Scores of Your Perfume Brand -

**Artistry in bottle design
starts with creation**

GPBOTTLES, CREATING IN CHINA

We offer customization and contract manufacturing services for perfume bottle packaging. Our company was established to cater to niche perfume brands eager to showcase their unique perfume styles. We are dedicated to assisting them in solving the supply chain challenges related to perfume bottles, caps, and accessories.

GPB believes that packaging is not just the appearance of perfume, but a way to express the brand image, story, creativity, quality level, and to create value and a meaningful user experience for both the brand itself and its consumers. We consider the customization and contract manufacturing service as our mission to assist niche perfume brands in creating unique perfume packaging that aligns with their brand image.

WE CREATE PERSONALIZED PACKAGING FOR NICHE PERFUME BRAND

GP Bottles is committed to bespoke perfume bottle packaging solutions for niche perfume brand, bring your creative vision into reality.

About Us

Our Story

Over the past 10 years, Mr. Ben has worked in a glass bottle factory, serving major brand perfume companies with their own design team and handling large orders for perfume packaging. Many times, Ben noticed that numerous niche perfume brands lacked original designs, thereby constraining their brand growth. To cater to these companies seeking unique designs and smaller order quantities, Ben, along with Bryan and Dexter, founded GPBottles in 2016.

Since 2016

Our Company

GPBottles, a dynamic international brand under the umbrella of Hangzhou Dahuan Technology, a Chinese-based company, specializes in the design, research, development, and manufacturing of glass bottles, caps, sprayers, and other accessories for perfume packaging, catering to partners worldwide. GP Bottles is dedicated to assisting perfume producers in crafting private label perfume packaging and addressing supply chain challenges in the industry. GP Bottles strives for competitiveness through innovation, stringent quality control, advanced technology, and a commitment to sustainable development.

**Designer And Manufacturer of
Perfume Bottle Packaging**

Our core business concept revolves around transforming standard perfume bottles into unique, personalized packaging tailored to your brand. We achieve this by selecting the perfect lid, creating customized labels, and designing distinctive surface decorations. This approach not only enhances your brand image but also captures consumer attention and elevates the overall perception of your perfume. For those seeking even more exclusive and luxurious packaging solutions, we offer in-depth customization services that include adjustments to the shape, size, volume, weight, and other aspects of the perfume bottle. Let us help you create a signature look that stands out in the market!

GPB Offerings

Design

Customization

Contract
Manufacturing

→ Perfume Glass Bottles

GPBottles offers custom perfume bottles sourced from top Chinese manufacturers, specializing in 50ml and 100ml glass bottles with FEA15 crimped necks, featuring a variety of popular global models.

→ Perfume Bottle Caps

GPBottles provides diverse perfume caps in materials like zamac, wood, plastic, and aluminum, with surface treatments like vacuum plating, electroplating, spray painting, laser engraving, printing, and hot stamping.

→ Other Accessories

GPBottles partners with top suppliers to provide metal labels, leather decorations, stickers, packaging boxes, and other accessories for niche perfume brands worldwide.

GPBottles offers a range of perfume caps to complement custom perfume bottles. We produce caps in various materials such as zamac/zamak, wood, plastic, and aluminum, with different surface treatments including vacuum plating, electroplating, spray painting, laser engraving, printing, and hot stamping. With an annual capacity of 100 million pieces produced across 15 integrated production lines for perfume caps, we are equipped to serve global clients with high-quality products and timely delivery. Additionally, GP Bottles provides design and customization services to craft unique perfume caps that align with various perfume brand styles.

Custom Accessories Enhance the Level of Perfume Packaging

Benefiting from China's robust industrial chain and GPBottles' efficient supply chain management system, we collaborate closely with our partners in China to deliver comprehensive products and services. Our offerings include personalized labels, metal embellishments, leather accents, rubber components, crystal enhancements, and perfume boxes, providing you with a variety of options and streamlined one-stop purchasing solutions.

Q: How can I get price of your products?

A: Once you have reviewed the catalog and chosen the models that interest you, please contact one of GPB's sales managers listed on next page to receive a detailed quotation. Please note that we do not offer a comprehensive price list for all products.

Q: How can I get samples of your products?

A: Most models are available for sample requests. Please reach out to your GPB manager to finalize the details. GPB provides complimentary samples of most models featured in the catalog; you are only required to cover the courier expenses. In cases where samples are not readily available, a sample fee will be incurred. However, this fee will be reimbursed upon placement of a bulk order exceeding USD 10,000.

Q: How can I order of your products?

A: Once you have approved the pre-production samples provided by GPB, kindly contact GPB's sales manager to receive a proforma invoice for finalizing the order details or submit your purchase order. GPB will provide guidance on payment methods, transportation options, customs clearance procedures for exports and imports, and other relevant information on the proforma invoice.

Q: What's the MOQ of your products?

Items	MOQ	Regular Lead Time
Glass Bottle	10,000 pcs / model	45-50 days
Decorations	5,000 pcs / color	10-15 days
LOGO Printing	5,000 pcs / logo	7-10 days
Perfume Cap	5,000 pcs / model / color	45-50 days
Pump Sprayer	10,000 pcs / model / color	25-30 days
Perfume Boxes	2,000 pcs / style	25-30 days

Q: What's the customize process of perfume bottle packaging?

A: Our core business concept revolves around transforming standard perfume bottles into unique, personalized packaging tailored to your brand. We achieve this by selecting the perfect lid, creating customized labels, and designing distinctive surface decorations. This approach not only enhances your brand image but also captures consumer attention and elevates the overall perception of your perfume. For those seeking even more exclusive and luxurious packaging solutions, we offer in-depth customization services that include adjustments to the shape, size, volume, weight, and other aspects of the perfume bottle. Let us help you create a signature look that stands out in the market!

Consult GP Bottles @ Let's Create It Together

GP Bottles not only manufactures perfume bottles but also designs them to align with the essence and ethos of your perfume brand. We have embraced "Elevate Scores of Your Perfume Brand" as our mission. Contact us today to collaborate and bring your vision to life.
