

Drug Test Kits

It is a rapid test based on the principle of immunoassay combined with conjugated colloid gold technology.

Description :

The one step Cassette Style Drug test is a rapid test based on the principle of immunoassay combined with conjugated colloid gold technology. The tests are designed to obtain a visual , qualitative result and are intended for professional use only . They are not intended for quantitative results,nor for over-the-counter sale.

The Drug Test provides only preliminary analytical data , A more specific,alternative method is required to obtain a confirmed analytical result .SAMHSAhas established gas chromatography / mass spectrometry (GC/MS) as the preferredconfirmatory method. Clinical considerations and professional judgment shouldbe applied to any drug of abuse test result ,particularly when preliminarypositive Results are indicated.
