DT NO.I

SMART WATCH

Company profile

DT NO.1 is a smart wearable Brand owned by Shenzhen Xinkeying Digital Co., Ltd, with advanced techniques and data technology to provide products like activity trackers. Our products are made of quality, precision and ingenuity. We have been dedicated to research, development, manufacturing and marketing of smart wearable technology for years.

DT3pro

Basic Features

- 1.Chip: RTL8762DK
- 2.1.32-inch full round
- 3.Battery: 280mAh
- 4.Charging: magnetic wire charging
- 5.Bluetooth version: 5.0
- 6.Watch color: black, silver
- 7.Certification: FCC ID, CE, ROHS, battery certification
- 8.APP: Wearpro
- 9.Supported languages: Chinese, English, German, Russian, Spanish, Portuguese, French, Japanese, Italian, Polish, Korean, Arabic, Persian, Thai, Vietnamese, Traditional Chinese, Danish, Greek, Latin, Romanian, Turkish, Hebrew, Czech

MAIN FUNCTION

Breathing training, dial push, stopwatch, brightness control, multi-sport mode, sleep monitor, heart rate, information, remote music, weather, find phone (available after phone connected), bluetooth call, bluetooth music playback, password protection, calculator, split-screen display, shortcut widgets, weather, female assistant, messenger, QR code

Intelligent hardware solution

Our OEM and ODM services cover the complete spectrum of the product lifecycle from concept to design, manufacturing and after-market services.

Product design

ID design
Product function definition

Product structure design

MD structure size definition
Board size standard

PCB design

Component selection and finalization
Board design drawing output

PCBA production

Board processing and placement
Board test
Non-performing rate control specification

SCM software development

Product function development
Hardware operation interface development
Intelligent algorithm development
SCM software output

Finished product assembly

Small batch trial production
Product inspection

Button Life Tester

Dust Tester

Waterproof Tester

Discharge Tester

Temperature Tester

Tumble Tester

Friction Tester

Drop Tester

Salt Spray Tester

Screen Press Tester

Production Capacity

Over 5,500 square meters of factory space, along with the latest manufacturing equipment gives us the capacity to fully service big orders and OEM/ODM business and achieve high-quality on-time deliveries with a low cost. The factory has 4 production lines and the annual actual units produced (Previous Year) over 300 million.

DT NO.1 About Team

About Production workshop

OEM/ODM service

We focus not only on our research & development, but also welcome open collaborations. We provide OEM/ODM service and support for our network of retail and distributor partners.

DT NO.1 App

DT NO.1 smart app provides multiple languages alternative.
(English, Spanish, Russian, Italian, German, Japanese, French, Portuguese, Korean, Malay etc.)

The app provides basic data like steps, distance, calories, and periodic data analysis reports like ECG, heart rate, blood pressure, blood oxygen, sleeping monitor. You may add functions like motion track, altitude, air pressure, weather, sedentary/drinking reminder messages notification.
