Aluminum coils

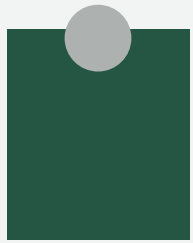

FM Alu Metal offers you full-range of aluminum coils

Offering from 1000 to 8000 series aluminum coils, such as 1050, 1060, 1100, 1200, 3003, 5052, 5083, 5754, 6061, 6063, 6082, 7075, and 8011. Customized whole-coil surface treatments are available, including brushed, polishing, anodizing, embossing, and color coated etc.

Item	Aluminum Coils
Material	1100 1200 1050 1060 1070 3003 3004 5052 5083 5754 6061 6063 7075 8011 8A06 491
Size	1220/1500/customized (mm)
Thickness	0.2-3.0mm
Processing	Brushed, Polishing, Anodizing, Embossing, and Color Coated, F-C paint
Application	Architectural Decoration, Industrial Application, Transportation, Food Package

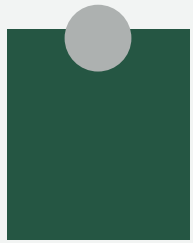

Aluminum Sheets

We have adequate aluminum sheets inventory

Item	Aluminum Sheets
Material	1100 1200 1050 1060 1070 3003 3004 5052 5083 5754 6061 6063 7075 8011 8A06 491
Size	1220*2440/1500*3000/customized (mm)
Thickness	0.3-500mm
Processing	Brushed, Polishing, Anodizing, Embossing, and Color Coated, F-C paint, Laser cutting, Welding
Application	Architectural Decoration, Industrial Application, Transportation, Food Package

Aluminum Strips

Technical support, +/-25 tolerance

Item	Aluminum Strips
Material	1100 1200 1050 1060 1070 3003 3004 5052 5083 5754 6061 6063 7075 8011 8A06 491
Size	1220/1500/customized (mm)
Thickness	0.2-3.0mm
Processing	Brushed, Polishing, Anodizing, Embossing, and Color Coated, F-C paint
Application	Architectural Decoration, Industrial Application, Transportation, Food Package

And more

Foshan Fengming Metal Materials Co., Ltd. has provided high quality aluminum material since 2008 and is recognized as a reliable metal supplier in aluminum industry. Located in Guangdong Province, we are uniquely situated for easy access throughout Guangzhou and Shenzhen. It covers an area of nearly 20,000 square meters. At the beginning, we were a aluminum coils provider but have grown into a complete aluminum manufacturer firm providing our clients with material and processing. We have completed projects in Shandong, Guangdong, Zhejiang provinces and more than 50 countries and regions.

Teamwork keeping our steps moves forward. As a fabricator of aluminum material, FM Alu runs on a team concept and our many skilled and experienced crews have offered outstanding quality products and services. We offer aluminum materials for industry, architectural decoration, aviation, automobile manufacturing, and food-package projects. FM Alu works with well-known companies. As a manufacturer of aluminum, we self-perform uncoiling, metal surface treatment, color coating, cutting, painting and forming. We have complete equipment lines to process products, which including cutting machines, Annealing furnaces, straighteners, etc.

Integrity and an unflinching dedication to quality is FM Alu goal — every pcs.
You'll find what you're looking for at FM Aluminum.
