Export & Customization Since 2010

堡捷产品与服务手册

About BLOSSOM CHEER

关于堡捷

BLOSSOM CHEER has always focused on the design and production of doors and windows. In addition to its wholly owned factories, it also has joint venture factories for product matching, covering wooden, aluminum alloy, wood-plastic materials and other doors and windows as well as product supporting hardware. BLOSSOM CHEER provides OEM and ODM products and services to developers and traders, and continuously upgrades and iterates products with an open and inclusive attitude.

BLOSSOM CHEER 始终专注于门窗的设计与生产。除了自有工厂外，公司还拥有合资工厂进行产品配套，全系列产品涵盖木质、铝合金、木塑等多种材质的门窗以及配套五金配件。BLOSSOM CHEER 为开发商和贸易商提供 OEM 和 ODM 产品及服务，并秉持开放包容的态度，不断升级迭代产品。

Why Choose BLOSSOM CHEER

为什么选择堡捷

Research & Development 研发与开发

Every year, we continuously develop new products in terms of craftsmanship and finishing materials, combining market and customer needs. More than **60%** of our product updates and improvements stem from suggestions and personalized customizations from our customers and partners. For example, solid metal door frames provide better insulation for countries and regions with cold climates; larger adjustable door frames allow for flexible use of uncertain building construction standards.

每年，我们在工艺与饰面材料方面，始终结合市场与客户需求，持续研发新品数量；超过 **60%** 的产品更新与改进，源于客户伙伴的建议与个性化定制。比如：实心入户金属门门框，让气候寒冷的国家与地区保温性更高；更大可调节的门套线，灵活运用不确定的建筑施工标准。

Manufacturing 制造

Under normal circumstances, without considering worker shift work, we can typically provide **11,400** sets of doors (including entrance doors, aluminum alloy doors, and wooden doors) and **3,000** sets of windows per month. Each customized product undergoes professional design and CAD drawing production, subject to review by design, technology, sales, and customer teams to ensure customized quality. We regularly maintain and inventory production equipment on the 1st of each month and optimize work layout. Thanks to our ERP system and data-driven approach, production can be completed on the same day from PI order to manufacturing.

不考虑工人轮班的正常情况下，我们常规每月可提供的门类产品（含入户门、铝合金门、木门等）达 **11400 套**，窗类产品达 **3000 套**。定制的每项产品，都由专业设计制作 CAD 图纸，经由设计、技术、销售、客户 4 重审核，确保定制品质。每月 1 号定期维护并清点生产设备状态，优化工作布局。得益于 ERP 系统与数据化，从 PI 订单到生产制造，当日即可完成。

Quality 质量

Quality is the lifeblood of our company. All our products containing wood materials have EU environmental certification; our metal doors and windows undergo five-property testing. Product types and processes result in different prices, but all products adhere to uniform quality and after-sales standards. We offer **3** types of testing (Baojie professional self-testing and feedback, customer-designated agent/agency testing, and testing by internationally recognized quality inspection agencies). Testing covers details such as color matching, dimensional errors, and smooth operation, continuously striving to achieve our "zero-defect plan."

质量是企业生命，所有含木质材料类产品，我们拥有欧盟环保认证；金属类门窗，拥有五性检测。产品类型与工艺，会呈现不同的产品价格，但所有产品都有统一的品质与售后标准。我们提供 **3** 类检测方式（堡捷专业自测与反馈、客户指定代理 / 机构检测、国际权威质检机构检测），检测涉及到颜色匹配度、尺寸误差情况、功能性开启顺畅度等多类细节，不断接近与达成“零缺陷计划”。

Team 团队

BLOSSOM CHEER professional delivery and high-quality service capabilities stem from our professional and continuously improving team members. Our international team includes product experts, designers, order coordinators, product quality inspectors, after-sales service personnel, process and technical support, operations, marketing and planning specialists. This ensures that we serve a diverse clientele, including real estate developers, design firms, traders, and wholesalers etc. BLOSSOM CHEER core team members have expertise in product design, IoT, IT and programming, international economics and trade, and business English etc. This allows our international business to be highly data-driven and intelligent, such as automatically updating and pushing order generation progress and automatically tracking logistics and freight progress.

专业的交付与高品质服务能力，来源于专业且不断精进的团队成员。国际团队包括产品专家、设计师、订单统筹员、产品质检员、售后服务、工艺与技术支持，运营营销与策划；这确保我们服务客户群体方面，覆盖房地产开发商、设计公司、贸易商、批发商等不同类型。核心团队主要专业有产品设计、物联网、IT 与编程、国际经济与贸易、商务英语等；这让我们国际业务高度数据化、智能化，如：能自动化更新与推送订单生成进度、自动反馈追踪物流货运进度等。

Custom Eco-Friendly Wooden Door 定制环保木门

Discover BLOSSOM CHEER's premium wooden doors, including RoHS-certified paint-free doors that meet EU/North American standards and eco-friendly, odor-free painted doors, Ideal for hotels, apartments, and commercial projects. More suitable for families with children aged 0-6, and more suitable for simple, modern and high-end interior spaces.

发现 BLOSSOM CHEER 的优质木门，包括符合欧盟 / 北美标准的 RoHS 认证的免漆门，以及环保无异味的油漆门，是酒店、公寓和商业项目的理想之选。更适合 0-6 岁儿童的家庭，更适合简单现代高端的室内空间。

Wooden Door Type

木门类型

Composite Veneer Painted Door
复合木皮油漆门

Door finish with wood veneer, textures can be horizontal or vertical, and colors that can be customized according to the RAL color chart to suit different styles.

饰面采用木皮材料，纹理可横向与纵向，颜色可按照 RAL 色卡定制，适应不同风格。

Solid Wood Painted Door
实木油漆门

Premium natural wood, eco-friendly paint finish, superior sound insulation, classic aesthetic design, robust and durable structure, enhancing home safety and elegance.

精选天然实木，环保漆面工艺，卓越隔音保温，经典美学设计，坚固耐用结构，提升家居安全与奢华格调。

Solid Color Painted Door
纯色油漆门

23 production processes result in a smooth and delicate paint finish. Colors are infinitely customizable and can be combined with glass, color blocking, moldings, decorative strips, and other extended designs. Minimalist solid colors exude understated elegance.

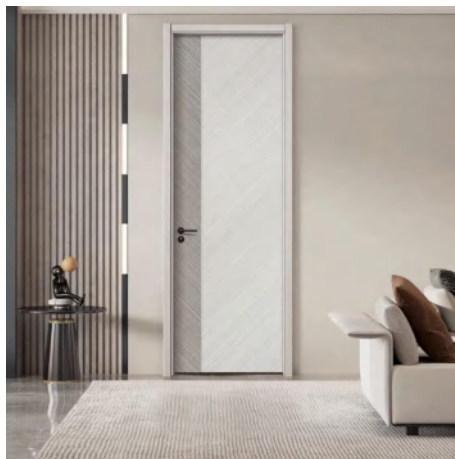

23 道工序生产，油漆饰面平滑细腻，颜色无限定制、可搭配玻璃、拼色、锣线、装饰条等延伸设计。极简纯色，简约高级。

Carbon Crystal Paint-Free Door
碳晶免漆门

Advanced carbon crystal plate substrate, zero formaldehyde, moisture-proof and antibacterial, skin-feel surface that is easy to clean, a modern home health guardian.

高级碳晶板基材，零甲醛防潮抗菌，肤感表面易清洁，现代家居健康守护者。

Melamine Paint-Free Door
三聚氰胺免漆门

Zero formaldehyde eco-friendly surface, scratch/moisture/warp resistant, diverse pattern options, ready-to-use hassle-free solution.

零甲醛环保饰面，耐磨防潮抗变形，丰富纹理选择，即装即住省心之选。

Aluminum-Wood Paint-Free Door
铝木免漆门

Innovative fusion of aluminum frame and wood core, combining metal durability with natural texture, eco-friendly ready-to-install, moisture and pest resistant for versatile climates.

铝合金边框与木质芯材的创新结合，兼具金属耐久性与自然质感，免漆工艺环保即装即住，防潮防蛀适应多变环境。

Hardware Products

五金产品

Hardware is an indispensable part of home decoration, ranging from major aspects related to home safety to minor aspects affecting the normal use of room furnishings. High-quality hardware not only reflects exquisite craftsmanship but can also serve as excellent decorative items, creating a high-end home life.

五金是家庭装修中不可或缺的一部分，大至关乎家庭安全，小至影响居室陈设的正常使用。而优质的五金不仅是精湛工艺的体现，更能成为极佳的装饰品，塑造高品位的家居生活。

Door Lock

门锁

Class C anti-pry cylinder (the highest security level lock cylinder): prevents technical opening for ≥ 10 minutes, and is more than 30 minutes resistant to drilling, sawing, prying, pulling, and impact.

C 级防撬芯 (安全级别最高的锁芯): 防止技术开启 ≥ 10 分钟, 防钻、防锯、防撬、防拉、防冲击都大于 30 分钟。

Hinge

合页

Hydraulic buffer, 300,000 times opening and closing test, can be installed in a hidden way, not easy to break, and will not rust.

液压缓冲, 30 万次开合测试, 可隐藏式安装, 不容易断裂, 不生锈。

Floor Hinges

地弹簧

Hydraulic buffer, adjustable elasticity, zero-maintenance fully sealed structure, adaptable to extreme climate environments.

液压缓冲, 弹力可调, 零维护全密封结构, 适应极端气候环境。

Handhandle

拉手

Various forms and sizes, ergonomic grip, modern geometric design, corrosion-resistant.

形式多样, 大小各异, 符合人体工学握感, 现代几何造型设计, 耐腐蚀。

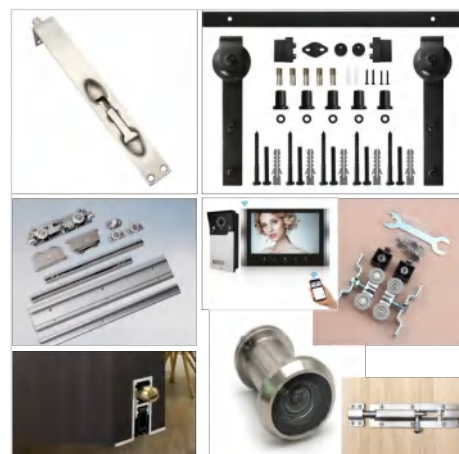

Door Closer

闭门器

Hydraulic buffer for precise speed control, adjustable force, 500,000 times durability test, hidden/surface dual mode.

液压缓冲精准控速, 力量可调, 50 万次耐久测试, 隐藏 / 明装双模式。

Other Hardware Accessories

其他五金配件

Barn door hardware, latches, seals, peepholes, door caps/suctions, guide rails/pulleys, bolts, etc.

谷仓门五金, 插销, 密封条, 猫眼, 门顶 / 吸, 导轨 / 滑轮, 门栓等。

Custom Modern Front Door 定制现代入户门

Custom-made modern entry doors combine style and security, available in a wide range of designs, colors, and sizes. They're wear- and corrosion-resistant, suitable for all climates, and enhance the contemporary appeal and security of your home.

定制的现代入户门兼具时尚感和安全性，提供各种设计、颜色和尺寸选择。它们耐磨损、耐腐蚀，适合所有气候条件，提升您家居的现代魅力和安全性。

Wooden Entrance Door

木制入户门

Wood Front Door Features

木制前门的特点

Premium solid wood, eco-friendly paint finish, superior sound insulation, classic aesthetic design, robust security structure, enhancing home safety and elegance.

优质实木、环保油漆、卓越的隔音效果、经典的美学设计、坚固的安全结构，增强家居安全性和优雅性。

Metal Entrance Door

金属入户门

Metal Front Door Features

金属前门的特点

Advanced anti-pry structure, 304 stainless steel base material, minimalist narrow frame design, rust and corrosion resistant, seamless integration of smart lock body, redefining the new standard of home security aesthetics.

高级防撬结构，304 不锈钢基材，极简窄边框设计，防锈防腐，智能锁体无缝集成，重塑宅邸安全美学新标准。

Metal Door Structure

金属门结构

1. Metal sheet facing materials
2. Filling material (polyurethane)
3. Metal material square tube
4. Smart door locks for security & anti-theft
5. Metal door frame
6. Stainless steel hinges
7. Replaceable with various filling materials such as aluminum honeycomb and paper honeycomb.

1. 金属板饰面材料

2. 填充材料（聚氨酯）

Aluminum Alloy Doors & Windows 铝合金门窗

Aluminum alloy doors & windows: no deformation, no discoloration, not easy to damage, save space, flexible matching, simple and beautiful. Lightweight yet strong structure, weatherproof and energy-efficient, corrosion-resistant for long-lasting use, ideal for secure and stylish modern homes!

铝合金门窗：不变形、不变色、不易损伤，节约空间，搭配灵活，简单美观。结构轻巧而坚固，防风雨且节能，耐腐蚀，可长期使用，是安全时尚的现代家居的理想选择！

Aluminum Alloy Door

铝合金门

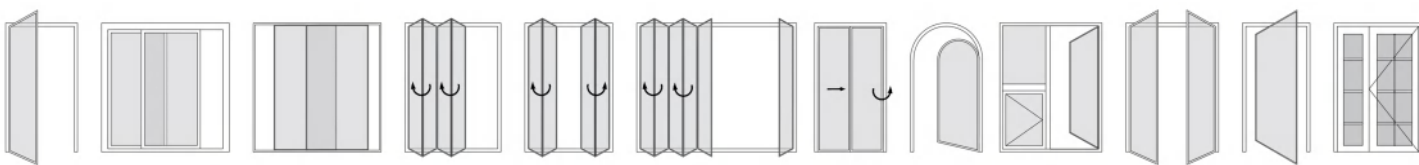

Ultra-narrow frame design, sealing and sound insulation, moisture and corrosion resistance, seamlessly blending modern aesthetics with long-term performance.

极简窄边框设计，密封隔音，防潮抗腐蚀，完美融合现代美学与长效性能。

Door Profiles: option with 40mm\45mm\70mm\110mm\120mm\128mm\160mm\208mm etc.

门型材: 有 40mm\45mm\70mm\110mm\120mm\128mm\160mm\208mm 等可选。

Door Types: Heavy-duty sliding doors, ultra-narrow sliding doors, folding doors, PT doors, revolving doors, irregularly shaped glass doors etc.

门类型: 重型门、极窄推拉门、折叠门、PT 门、旋转门、异形玻璃门等。

Aluminum Alloy Windows

铝合金窗

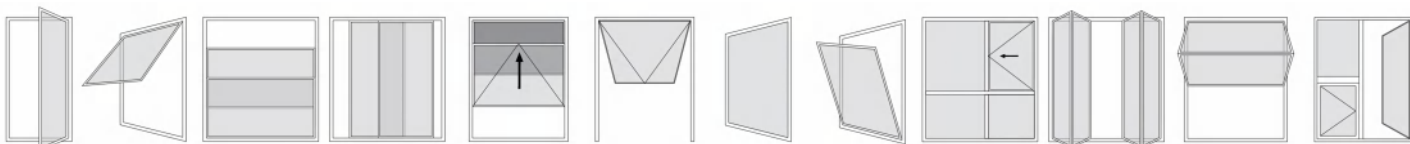

Multi-chamber thermal break, triple sealing system, superior thermal and acoustic insulation, wind pressure resistance Class 9.

多腔体断桥设计，三重密封系统，卓越保温隔音，抗风压 9 级。

Window Profiles: option with 50mm\55mm\80mm\110mm\120mm\135mm\150mm etc.

窗型材: 50mm\55mm\80mm\110mm\120mm\135mm\150mm 等可选。

Window Types: casement windows, sliding windows, top-hung windows, inward-opening and tilt-and-turn windows, lift windows, drift windows, folding windows, fixed windows, etc.

窗类型: 平开窗、推拉窗、上悬窗、内开内倒窗、提升窗、漂移窗、折叠窗、固定窗等。

One-Stop Service

一站式服务

One-stop Customization, Worry-free Service.

From attentive listening during the initial consultation to tailor-made solution design, and then to professional installation and after-sales maintenance—we integrate the entire process to ensure precision, professionalism, and peace of mind at every step. You only need to make one decision, and leave the rest to us.

一站定制，全程无忧

从初次沟通的细致聆听，到量身定制的方案设计，再到专业的安装与售后维护——我们整合全流程，确保每一个环节都精准、专业、省心。您只需一个决定，剩下的，全部交给我们。
