

# Household Appliance Outer Box Checkweigher

Unqualified automatic elimination

## Product Features

- ①Powerful calculation function, recording various test data;
- ②Three-level operation authority management, supporting self-set passwords;
- ③Touch screen operation, humanized design;
- ④Adopting variable frequency control motor, the speed can be adjusted according to needs;
- ⑤The conveyor belt is easy to disassemble and install, easy to install and maintain, and easy to clean.

## Product technical parameters

Product model	SC3-10060L50	Storage formula	100 types
Display division	0.001kg	Belt speed	5-90m/min
Inspection weight range	0.05-50kg	Power supply	AC220V±10%
Weight checking accuracy	±5-20g	Shell Material	Carbon steel spray painting
Size of weighing section	L 1000mm*W 600mm	Data Transmission	USB data export
Suitable product size	L≤800mm; W≤600mm	Sorting Section	Standard 1 section (optional 3 sections)
Elimination method	Push rod type, swing wheel type, and top lifting transplanting are optional		
Optional Features	Real time printing, code reading and sorting, online code spraying, online code reading, and online labeling		

Note \* The maximum speed and precision of weight checking vary according to the actual products and installation environment.  
Type selection should pay attention to the movement direction of the product on the belt line. For transparent or translucent products, please contact us.
